RETURN RECEIPT REQUESTED

The Honorable Daniel A. Corbin
Mayor, City of Killeen
Post Office Box 1329
Killeen, Texas 76541

IN REPLY REFER TO:

Case No.: 12-06-0554P

Community Name: City of Killeen, TX

Community No.: 480031

FIRM Panel Affected: 48027C0280E

116

Dear Mayor Corbin:

In a Letter of Map Revision (LOMR) dated December 7, 2012, you were notified of proposed flood hazard determinations affecting the Flood Insurance Rate Map (FIRM) and Flood Insurance Study (FIS) report for the City of Killeen, Texas. These determinations were for Little Nolan Creek - from approximately 1,530 feet downstream of West Trimmier Road to approximately 1,580 feet upstream of West Trimmier Road. The 90-day appeal period that was initiated on December 21, 2012, when the Department of Homeland Security's Federal Emergency Management Agency (FEMA) published a notice of proposed Flood Hazard Determinations in the *Killeen Daily Herald*, has elapsed.

FEMA received no valid requests for changes to the modified flood hazard information. Therefore, the modified flood hazard information for your community that became effective on April 22, 2013, remains valid and revises the FIRM and FIS report that were in effect prior to that date.

The modifications are pursuant to Section 206 of the Flood Disaster Protection Act of 1973 (Public Law 93-234) and are in accordance with the National Flood Insurance Act of 1968, as amended (Title XIII of the Housing and Urban Development Act of 1968, Public Law 90-448), 42 U.S.C. 4001-4128, and 44 CFR Part 65. The community number(s) and suffix code(s) are unaffected by this revision. The community number and appropriate suffix code as shown above will be used by the National Flood Insurance Program (NFIP) for all flood insurance policies and renewals issued for your community.

FEMA has developed criteria for floodplain management as required under the above-mentioned Acts of 1968 and 1973. To continue participation in the NFIP, your community must use the modified flood hazard information to carry out the floodplain management regulations for the NFIP. The modified flood hazard information will also be used to calculate the appropriate flood insurance premium rates for all new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

If you have any questions regarding the necessary floodplain management measures for your community or the NFIP in general, please contact the Mitigation Division Director, FEMA Region VI, in Denton, Texas, either by telephone at (940) 898-5127, or in writing at Federal Emergency Agency, Region VI, Federal Regional Center, Room 206, 800 North Loop 288, Denton, TX 76209.

If you have any questions regarding the LOMR, the proposed flood hazard determinations, or mapping issues in general, please call the FEMA Map Information eXchange, toll free, at (877) 336-2627 (877-FEMA MAP).

Sincerely,

A handwritten signature in black ink, appearing to read 'Luis Rodriguez', written over a faint circular stamp or watermark.

Luis Rodriguez, P.E., Chief
Engineering Management Branch
